Komatsu Public Wireless LAN Service

Komatsu Public Wireless LAN Service offers Internet access environment for smart phone and other electronic devices. There is no usage fee for using Wi-Fi and no program or application download is required for connection.

Please use it by all means for web browsing, email, etc. in public facilities.

Access points installed by the city of Komatsu are marked with this sign.

The user must agree with the “Komatsu Public Wireless Service Terms of Service” before using the service

1 Komatsu Public Wireless LAN

- (1) Connect at the wi-fi hotspot with your smartphone/computer to the network SSID=「Komatsu_Free_WiFi」.
- (2) Open the web browser. The user will be requested to agree with the “Terms of Service”, before using the network. After read it carefully, click on [It agrees] (同意します) on the bottom of the page.
- (3) The connection will start from the information page of the hotspot location. After this step, the user is connected and is able to use the service
